PROFESSIONAL EXPERIENCE

APARTMENT MAINTENANCE TECHNICIAN II

Haley Residential, Little Rock, AR
September 2019 - Present

- Selected based on quality and productivity scores to assist in a high-speed, six-month modernization project that involved working with and upgrading large appliances, HVAC systems, and flooring
- Manage maintenance inventory and requisition parts and supplies as needed
- Served as a temporary supervisor for four other technicians for three months while the permanent supervisor was on leave
- Maintain rapport of trust that I established with residents early on by taking unpaid time to go around, introduce myself, and get to know them

HOTEL MAINTENANCE TECHNICIAN I

HomeTown Studios & Suites, Bentonville, AR
July 2014 - August 2019

- Became an expert at Property Management Systems and provided professional development training on the hotel system for technicians at Bentonville and several other nearby locations
- Performed quickly and effectively during high-pressure situations and was commended for using good judgment
- Operated during full shifts without direct supervision or support when staff was short and completed 90% of jobs without any issues
- Inspected and repaired specialized equipment and machinery found in apartments, laundry, and other grounds
