PROFESSIONAL EXPERIENCE

MEDICAL LABORATORY TECHNICIAN

M D Anderson Cancer Center,
Houston, TX
September 2019 - Present

- ◆ Complete and evaluate bacteriology, chemistry, hematology, histology, serology, and urinalysis tests with the objective of delivering precise, accurate test results to ensure oncology patients receive the proper therapy or treatment
- ◆ Published a hematology case study in Laboratory Medicine (Feb. 2020), a peer-reviewed journal
- ◆ Provide training for qualified hospital personnel who needed independent access to the lab's equipment
- ◆ Build solid rapport with physicians and support them in the diagnosis and treatment of patients

MEDICAL LABORATORY TECHNICIAN

Children's Medical Center, Dallas, TX
June 2014 - August 2019

- Operated at a consistently fast pace in order to perform and analyze tests (chemistry, hematology, bacteriology, serology, urinalysis, and histology) reliably and expediently to meet the needs of an extra-busy hospital
- Managed the training of four new entry-level technicians in the lab
- Amended 14 standard operating procedures to enhance bacterial, parasitic, and fungus identification and responsiveness
- Interacted with a multidisciplinary and multicultural medical team to resolve sample-related issues and begin effective patient treatment

EDUCATION

Bachelor of Science in Clinical
Laboratory Science
Texas State University, San Marcos, TX
2014

KEY SKILLS

- Lab Information Systems (STARLIMS, LabSoft LI MS, LabWare LI MS)
- Time Management
- Troubleshooting
- Chemical Analysis
- Immunohematology
- Toxicology

CERTIFICATIONS

- ◆ Medical Laboratory Technician, American Society for Clinical Pathology, 2015
