A Medical Surgical Nurse with three years of experience, specializing in wound care, EHR systems, acute care, and multi-disciplinary collaboration. A strong track record of developing relationships and trust with patients to identify optimal treatment plans. Adept at partnering with diverse medical teams to drive ideal clinical outcomes.

PROFESSIONAL EXPERIENCE

Medical Surgical Nurse

UCSF Medical Hospital, San Francisco, CA | July 2019 - Present

- Administer care to diverse patient populations in a 40-bed hospital with a 1:3 ratio, which includes evaluating patient data and symptoms to identify appropriate treatment methods
- Interface with patients to provide support for activities of daily living (ADLs), which includes providing resources and aid throughout treatment
- Maintain electronic health records (EHR) and updated patient medical files

Nursing Extern

St. Francis Hospital, San Francisco, CA | June 2018 - June 2019

- Coordinated with Registered Nurses (RNs) to manage cases and deliver care to patients in the OR, which included monitoring vital signs, blood pressure, and EKG readings
- Developed relationships with patients throughout the treatment process and delivered empathetic care in alignment with physical and emotional needs
