Secondary School Of Certificate (9.7 CGPA)

Project

Food Munch

[project1_link](#)

Technologies used : HTML, CSS, Bootstrap

A responsive website that lets you browse through a wide range of food items with ease.

- Built with a mobile-first approach, this website features HTML structure elements and Bootstrap components to ensure seamless navigation.
- Get a clear view of the food items with product videos, available at your fingertips.

Todos Application

[project2_link](#)

Technologies used : HTML, CSS, JS, Bootstrap

A task management solution, designed to make life easier.

- Streamlined task management through a combination of HTML, CSS, and Bootstrap for an intuitive interface.
- Seamless CRUD operations through JavaScript event listeners and dynamic UI updates.

- Secure task persistence with local storage methods, ensuring that your tasks are always available.

My Projects (My Projects Page)

[project3 link](#)

Technologies used : HTML, CSS, Bootstrap

Developed an online showcase of an individual's projects for interviewer assessment

- Crafted the banner segment and project cards with a variety of HTML block and inline elements.
- Refined the website's look with CSS3 methods, including background, flex, box model properties, and a mix of relative (vh, vw) and absolute (px) units.
