A labor and delivery nurse with five years of experience specializing in postpartum care, pain management, and patient-centered care. A proven track record of coordinating with multidisciplinary teams to provide high-quality care and improve patient outcomes. Adept at delivering education to patients and families on treatments and medical conditions.

PROFESSIONAL EXPERIENCE

Labor and Delivery Nurse

St. Peter's Hospital, New York, NY | July 2018 - Present

- Provide compassionate nursing care to women in the labor and delivery unit, including medication administration, vital sign monitoring, and physical examinations in a high-volume hospital with a 1:6 patient ratio
- Evaluate medical risks for patients related to immune system deficiencies, medication side effects, poor nutrition, and heart conditions
- Coordinate with multidisciplinary team to diagnose medical conditions in acute care settings and develop treatment plans
- Educate patients and families on medical diagnosis, treatment, medication, and potential health risks with empathy and understanding

Labor and Delivery Nurse

Brooklyn Medical Center, New York, NY | May 2016-July 2018

- Delivered empathetic care and emotional support to patients and families in critical medical situations during birth, labor, and recovery
- Created electronic medical documentation on patient condition, symptoms, plan of care, and conducted patient interviews to obtain medical history
