PROFILE

Versatile and creative architect with over 15 years of experience designing commercial and residential buildings in a variety of sizes and styles. Record of unique and sustainable design that exceeds LEED standards.

PROFESSIONAL EXPERIENCE

Architect

IGM Architects, New York, NY | September 2010 - Present

- Key architect at a high-end international architecture and engineering firm.
- Design and develop 2 -3 multi-million dollar projects through all phases of work each year.
- Create bid-winning designs at 10-15% less cost than competitor bids
- Attend regular on-site meetings to ensure quality control on each project

junior Architect

MNA Steel Architects, Boston, MT | September 2006 - August 2010

- Prepared 100 blueprint drawings each year for new and existing clients
- Analyzed costs and benefits of projects
- ♦ Directed team of 15 technicians in creating comprehensive documents for projects
- Inspected building sites to assess suitability for projects and to link the style of design to the landscape

Intern Architect

Style Architects, Boston, MT | June 2005 - August 2005

- Assisted senior architects in presenting projects and drawing ideas to clients
- ♦ Created 3D models for presentations
- Created and updated project cost sheets
- Shadowed senior architects to learn best practices
