A dynamic physical therapist with five years of experience specializing in sports medicine, orthopedics, treatment planning, and strength training. A proven track record of delivering rehabilitative treatment and physical therapy services to diverse patient populations.

PROFESSIONAL EXPERIENCE

Physical Therapist

Syracuse Physical Therapy Center, Syracuse, PA | May 2018 - Present

- Administer physical therapy treatment to 30+ adolescent and adult patients suffering from sports-related injuries and disabilities
- Deliver education to patients and families on treatment plans, long-term outlooks, and recovery time lines and provide training on at-home care regimen
- Provide training to five new physical therapists on hospital procedures and coordinate with interdisciplinary teams to standardize the clinical approach to patient treatment, resulting in a 20% increase in positive patient outcomes

Physical Therapist

Brooklyn Physical Therapy Medical, New York, NY | May 2016 - May 2018

- Conducted patient assessments to evaluate the range of motion, performed manual muscle testing (MMT) and identified appropriate treatment plans based on long-term goals
- Delivered outpatient treatment for post-surgical care, ankle sprains, arthritis, fractures, and herniated discs
